PFAS-Free Declaration Statement

Declaration of Compliance

Allied Metal Company hereby declares that, based on current supplier certifications, internal audits, and material reviews, none of the substances listed under the U.S. Environmental Protection Agency's definition of Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) are intentionally added to or present in the aluminum and zinc casting alloys produced at our facilities.

This statement is made in accordance with the reporting and recordkeeping requirements outlined in TSCA Section 8(a)(7) and reflects our commitment to environmental compliance, product transparency, and responsible manufacturing practices.
